# CUSTOMIZING WINDOWS

The step by step manual below will guide you through the ordering process for customizing your blinds with

Happy Windows by 

# 1

CHOOSE  
YOUR  
PRODUCT

Choose from the below products to define the style of your blind.

SOLARETTE

Solarette Blind has multiple vanes stitched with two layers of sheer fabrics. This pattern allows maximum light filtration in a subtle way.

SONATINE

Allows maximum light filtration by adjusting zebra stripes of sheer and semi opaque.

ROLLER

Roller blinds continue to offer perhaps the most practical style of window shadings. Roller blinds are suitable for almost any part of your house or office. AD roller blinds come with a choice of PVC screen, glass fiber, polyester and natural fiber fabrics. Choose from manual or motorized mechanism.

# FAQs :

## 1) What is repeat size ?

The repeat size is the size after which the pattern you have chosen will be repeated on your blind. The repeat can have a big impact on how big each object looks on your blind.

## 2) What is scale to size?

The print will be scaled larger or smaller to fit your blind size and the object will be centered to the middle. Just in case your size is a different orientation from the existing proportion, a similar colour background will be added.

## 3) What if my blind size is smaller than the repeat size?

You can still place an order !!

If your selected print is seamless pattern then repeat size does not matter. Print will be adjusted based on your window size.

If your selected print is theme based then proportionate print will get cut ( EG: Monsters Kd-014, Planets Kd-015, Under the sea Kd-017, Monuments around the globe Trl-001).
